Subtitle: Masonry depicts and glorifies the sex act in many of their symbols, just like you would expect any occult group to do. A study of the "deeper meaning" of many symbols proves Freemasonry is Satanic. Most of the article on Freemasonry below has been taken from Masonic books that have been published by Masonic Publishing Companies, and most of them were formerly very, very secret.

Usually gems are fashioned so that the observer is looking through the table, the flat top facet on the crown (top portion) of the gem, to see how light has been collected and returned back to them to view. The girdle is the outer edge of the gem, where metal grips the stone to hold it in place in jewelry or art. The pavilion is the bottom portion of the gem.
